

# SOUTH DAKOTA CONSERVATION DISTRICTS

Local People. Local Decisions. Local Impact.

**68**  
CONSERVATION DISTRICTS  
SERVING EVERY COUNTY IN SOUTH DAKOTA

## WHAT IS A CONSERVATION DISTRICT?

A local government body that works with residents, farmers, and landowners to protect South Dakota's soil, water, and natural resources by providing expertise, coordinating partnerships, and supporting conservation projects close to home.

 5 LOCALLY ELECTED SUPERVISORS |  SERVING SOUTH DAKOTA SINCE 1937

## WHAT CONSERVATION DISTRICTS DO

Conserve Soil & Water

Control Floods & Sediment

Control Erosion & Pollution

Manage Water Resources

Preserve Natural Resources & Wildlife

Protect Public Land & Open Spaces

Promote Public Health & Safety

## LOCAL IMPACT. LASTING BENEFITS.

### HEALTHY SOIL

Productive land for crops, grazing, and future generations.

### CLEAN WATER

Cleaner waterways for people, wildlife, and our communities.

### WILDLIFE HABITAT

Healthy habitat for fish, birds, pollinators, and more.

### STRONG COMMUNITIES

Thriving communities built on healthy land, water, and local leadership.

## GET INVOLVED

ATTEND A MEETING

Stay informed and get involved locally.

SHARE CONCERNS

Help shape local conservation priorities.

PARTNER ON A PROJECT

Work together on a local project.

SERVE ON A BOARD

Run for supervisor in your county.
