With the Rain Garden Kit, you can turn what otherwise might be unsightly and unattractive stormwater runoff areas into beautiful, lush, native habitat with many environmental benefits. Designed perfectly for smaller, contained runoff areas. Enjoy bright and vibrant blossoms throughout the growing season. Expect to attract a wide variety of insects and pollinators to your rain garden, including Monarch Butterflies!

Consider planting at the edge of parking lots, driveways, and any other areas with concentrated runoff.

Each kit includes 36 plants. Six plants of six different species. \$90 per kit.
