Big, tall, wild, and bold, the Big Prairie Kit is not for the timid. Best planted in open spaces, these plants will drop seed and cover more ground over time. Full of lush plants ranging from three feet to over five feet in height, you can create a native environment to literally lose yourself in. The Big Prairie kit will create habitat for all varieties of pollinators as well as many different songbirds.

Consider planting in clearings or open spaces with room to grow and plenty of sunlight.

Each kit includes 36 plants. Six plants of six different species. \$90 per kit
