

Perfect for small or pre-existing ornamental flowerbeds, the Short and Tidy Kit is designed with compact species that don't mind staying in one spot. This collection will provide Spring and Summer blooms in a wide range of colors while providing habitat for all types of pollinators, insects, and butterflies.

With the short stature of these plants, consider using as an accent under a mailbox, near a flagpole, under a post and rail fence, or even in front of your home!

Each kit includes 36 plants. Six plants of six different species.

\$90 per kit
