- ◆ **Purple Meadow Rue**
- ◆ **Plus more options!**

If you are looking to create beautiful, native habitat that thrive in little or no direct sunlight, this has you covered. Perfect for yards with tall trees and plenty of shade and filtered sunlight. Expect blossoms early in the year with more arriving as Summer and Fall roll around. The Shade Garden Kit will provide an ideal environment for many varieties of insects and pollinators. Don't be surprised if you see a hummingbird or two!

Consider planting under mature trees, on the north facing side of taller buildings, and anywhere else with limited direct sunlight.

Each kit includes 36 plants. Six plants of six different species. \$90 per kit
